

ODISSEI - Publications

The following list includes academic publications that were funded by and ODISSEI grant (e.g. NWO LSRI Roadmap project, or via ODISSEI Microdata Access Grants and Discounts and LISS panel grants). It consists of scholar publications in peer-review, open-access journals, university's archives and pre-print articles. The format of the metadata of the papers are written in an APA style.

The list has been written through a manual gathering process of paper funded by an ODISSEI grant. It will be updated manually every year.
